

XTAL SE+
User Manual

SAFETY INFORMATION

For a safe and effective use of this product and its accessories, we advise you to read the following instructions in full, and to strictly observe the operating procedures indicated in this manual and refer to the leaflet contained in the packaging of the individual products / accessories.

This product is intended for adult smokers. This product is not recommended for non-smokers, young people under the legal age, pregnant or breast feeding women and those experiencing general ill health.

Keep the product and its accessories out of reach of children and minors at all times!

COMPONENTS OF THE PRODUCT

This product is an electronic product and its components such as the battery, the USB cable, and the pod part have been specifically made for this product. We recommend the exclusive use of components and accessories indicated. Use of components and / or accessories not specifically produced for this device may lead to a malfunction and / or damage to the product and to the cancellation of the warranty.

WARNINGS BEFORE USE

The use of an empty, dry or drained tank/pod can cause immediate damage to the internal resistance and the consequent cancellation of the warranty.

GENERAL WARNINGS AND LIMITATIONS OF USE

Do not bring your vape device into contact with water or other e-liquid. Avoid exposing the device to too low or too high temperatures (-5°C / 50°C). Avoid using the product in overheated or excessively damp environments. Keep the product and its accessories away from heat sources. Use only original spare parts and accessories. Always discharge the battery completely before recharging. Carefully read the composition of the e-liquid before use, and do not use the product if you are allergic to any of the components of the e-liquid. Do not use the product if you suffer from respiratory and / or cardiovascular system disorders. Do not use the product during pregnancy or lactation.

Do not ingest or swallow any part of the product or its accessories and do not try to open or tamper with the components of the product or its accessories. The device does not need any flame to light it. To avoid performance losses, disconnect the battery from the USB charger when fully recharged, and in the case of anomalies, smell of burnt or abnormal deformation of one of the components of the device or its accessories, stop using it immediately and contact Customer Care.

Avoid direct contact of the e-liquid with the mouth which could happen if you inhale too strong and too frequently or if the tank is too full.

Avoid any unauthorized operations that may damage the product. For an optimal performance of your vape device, it would be advisable to spend at least 30 seconds between one inhalation and the next. We recommend only to use the certified charger supplied to charge this device and not attempt to recharge the device with any other type of charger. We don't recommend using the product while charging.

Do not discard this product in the environment, and dispose of the product components at dedicated collection/disposal points.

SAFETY NOTE

To avoid misfiring always ensure you either lock or switch off your device when it is not in use.

Especially when carrying your device in your pocket, bag or purse.

Contents:

- 1* Xtal SE+ Battery
- 1* Replacement Pod
- 1* Type-C Cable
- 1* User Manual

Components View:

Specifications:

- Pod Capacity: 1.8ml
- 0.8Ω Mesh Kanthal AF Coil
- Battery Capacity: 800mAh
- Dimension: 113x22x12.5mm

Pod Filling:

- Take out the pod
- Lift the silicon plug
- Add e-liquid
- Push to close the plug firmly

•When installing a new pod, let the pod stand for 3 minutes after filling so the cotton can be saturated with e-liquid before use.

•Do not let the pod become completely empty. Refill the pod to avoid dry burning or damage to the coil.
